

THE REFINERY X INTIME ARTISAN DE PARFUM BESPOKE PERFUME MAKING WORKSHOP

Discover your one-of-a-kind perfume or cologne – by making your own!

This November, The Refinery is bringing the art of French perfume making to you with the help of Angel Cheung, the founder of "Intime Artisan de Parfum". Angel, an aromatherapist certified by the International Federation of Aromatherapists in the UK, studied perfumery arts in Grasse, France — the world's perfume capital, and is the fragrance curator for The Peninsula Hong Kong's guest room amenities.

Join this relaxing perfume making workshop, an extraordinary creative experience and a journey of self-discovery through an intuitive scent exploration that will reveal your personality from within.

Each perfume is crafted by yourself, the bespoke formulation is given a dedicated name and unique formula code, both printed on your bottle's label. What a thoughtful yet personalized gift for either yourself or your loved one. Don't miss out!

THURSDAY. 25TH NOVEMBER 2021
